Vote YES on November 3rd

www.annex2kent.com

To the Merchants of the
Panther Lake Annexation area:

We are inviting you to join us in promoting a YES vote on November 3rd to annex our Panther Lake area to the City of Kent. There are a number of reasons why this will be positive for your business:

- **PUBLIC SAFETY** - police protection will significantly increase

The annexation area will become a 4th separate City of Kent police Patrol district. Response time will be significantly shorter for all levels of priority.

Over 20 new police hires will be planned: K-9 unit, neighborhood response teams, traffic officers and detectives

- **NEARBY PUBLIC SERVICES** - all urban services will be miles closer

All building permit processes will be handled locally downtown in the "Kent Permit Center"

Administrative services and Kent city staff will be more accessible
Panther Lake residents will help elect the Kent Mayor and City Council

- **COMMUNITY IDENTITY** - businesses will have a stronger promotional base

Kent will be the 5th largest city in the state, all urban services will be available through the City of Kent
