“Punched door lock” and “Smashed window”
 Both of these are popular methods a thief uses to gain access to your vehicle. Routinely lock car doors, however remember to remove any valuables from your vehicle. Along with GPS units, tools and computers; stolen items include coins (change), sunglasses and cell phone chargers! What may not seem “valuable” to you may provide a temptation to the criminal. If you don’t want to lose it – remove it.

Vehicle Theft Locations Tue 7/20 – Mon 7/26

Under the Influence? Under Arrest!

Special full-time DUI patrols are on the roads now. Target Zero Teams are elite law enforcement officers who are 100 percent dedicated to getting impaired drivers off Washington roadways. These teams will be deployed to strategically target times and places DUI crashes are most likely to occur. Be safe. Be smart.

- Take public transportation
- Designate a driver
- Take a taxi

Never leave a child unattended in a vehicle
 Children left unattended are at great risk at any time due to elevated temperatures inside vehicles. Studies have shown that an outside temperature of 80 degrees can result in vehicle passenger compartments exceeding 130 degrees in as little as one hour. Children are much more prone than adults to suffer from overheating or hyperthermia. Leaving a vehicle running with a child in it is illegal; and is an easy target for an auto thief. Be safe; secure your vehicle and never leave your child in the car.
